The coming year is an important one for the Nineteenth Light Dragoons as it marks the bicentenary of the arrival of the Regiment in Canada, and of a number of the actions that were to eventually earn the Battle Honour "NIAGARA".

Here is the structure of the Unit as follows; Major Franke represents Squadron Headquarters as the Officer Commanding 1st Squadron.

Capt Potts is the Officer Commanding A Troop, which is the first and senior troop of the 1st Squadron.

There were two Troops per Squadron and as many as five Squadrons per Regiment. Each Squadron carried their own Guidon and the senior Squadron carried the King's Guidon as well. Troop Sergeant Major Luscombe is the Troop Sgt Maj of A Troop under Capt Potts. Sergeant Horton is one of the Sgts in the Troop and has been selected to carry the Squadron Guidon, with Troop Sgt Maj Luscombe carrying the King's Guidon.
